Executive Order No. 2020-14
June 18, 2020

WHEREAS, the Coronavirus Disease 2019 (“COVID-19”) is a respiratory disease caused by the SARS-CoV-2 virus (the “virus”) that can result in mild or severe symptoms, including fever, cough, and shortness of breath, and can lead to serious illness or death, particularly in the case of older adults and persons with serious chronic medical conditions; and

WHEREAS, since late 2019, a significant outbreak of COVID-19 occurred that has spread globally to 217 countries, areas, and territories, deemed a pandemic by the World Health Organization (the “WHO”), which has significantly impacted the health and livelihoods of the citizens of the City of Shelbyville; and

WHEREAS, broad-ranging and unprecedented measures have been taken at the local, state, and federal government levels to stem the rate of transmission of COVID-19, including the declaration of a national state of emergency by United States President Donald J. Trump on March 13, 2020, and the declaration of a state of emergency in the State of Tennessee by Governor Bill Lee on March 12, 2020;

WHEREAS, in response to the identification and spread of COVID-19 in Tennessee, Governor Lee issued numerous Executive Orders throughout March and April, 2020, that significantly curtailed commercial, employment, social, recreational, entertainment, and sports activities and suspended or modified various State laws, rules and regulations to facilitate the treatment and containment of COVID-19, minimize unnecessary person-to-person contact, maintain adequate health care system capacity and supplies, and other measures; and

WHEREAS, Tennessee’s pandemic response measures also included the voluntary physical closure of all public and private educational facilities in the State, including the Bedford County School District, for the remainder of their respective school years at the behest of Governor Lee, with the substitution of an electronic distance learning curriculum, and the suspension of certain in-person court proceedings and certain court rules as mandated by Orders of the Tennessee Supreme Court; and

WHEREAS, the City of Shelbyville’s pandemic response measures included the election to afford public officials the means to participate electronically in public meetings, the adoption of

health safety protocols and closure of certain facilities, and implementation of a modified work schedule for certain governmental departments, offices, and services, and the suspension of the Shelbyville Municipal Court, all in compliance with State and federal guidance and directives for the safety of the public and employees; and

WHEREAS, on April 24, 2020, Governor Lee and his appointed Economic Recovery Group did issue "Tennessee Pledge", the State's rollout of guidance and best practices for re-opening Tennessee businesses in 89 of the State's 95 counties, including Bedford County, to keep employees and customers safe during the ongoing COVID-19 pandemic; and

WHEREAS, Governor Lee has now issued several additional Executive Orders, including No. 34, 36, and 38, relaxing certain previously imposed prohibitions and allowing for the reopening, operation, and conduct of certain businesses and activities in 89 of Tennessee's 95 counties, including Bedford County, while continuing to practice and implement social distancing and health safety guidelines; and

WHEREAS, on May 26, 2020, the Tennessee Supreme Court issued Administrative Order No. ADM2020-00428, "*Order Extending State of Emergency and Easing Suspension of In-Person Court Proceedings*", which encourages the increased use of electronic means for hearings and other court business while lifting previously imposed restrictions and suspension of rules; and

WHEREAS, since May 26, 2020, many of the City of Shelbyville governmental departments and offices resumed normal working schedules for its employees and began to re-open certain of its facilities to more direct access by the public while continuing to implement any and all necessary measures for the safety of its employees and the public; and

WHEREAS, the United States continues to experience the effects of the COVID-19 pandemic, including the profound disruptions and challenges presented to commerce, employment, healthcare services, governmental services, and the operations of other entities and organizations, and the federal Centers for Disease Control and Prevention (the "CDC") and other leading medical experts continue to encourage social distancing, effective personal hygiene practices, and other measures to contain and slow the spread of the virus; and

WHEREAS, as of June 17, 2020, according to WHO, there have been 8,242,999 confirmed positive cases of COVID-19 resulting in 445,535 deaths world-wide; and

WHEREAS, as of June 17, 2020, according to CDC, there have been 2,132,321 confirmed or presumptively confirmed positive cases of COVID-19 in the United States, across all 50 states, the District of Columbia, Puerto Rico, Guam, the Northern Mariana Islands, and US Virgin Islands, resulting in 116,862 deaths; and

WHEREAS, as of June 17, 2020, according to the Tennessee Department of Health, there have been 32,143 confirmed or presumptively confirmed positive cases of COVID-19 in the State of Tennessee, resulting in 497 deaths and 2,180 hospitalizations; and

WHEREAS, as of June 17, 2020, according to the Tennessee Department of Health, Bedford County, Tennessee had a total of 403 confirmed positive cases of COVID-19, out of which 275 persons have recovered and 4 persons have unfortunately died, for an active case count of 124

people currently with a confirmed positive diagnosis of COVID-19, continuing an upward trend over the past few weeks; and

WHEREAS, as of June 17, 2020, the total number of confirmed cases in Bedford County is still significantly higher than the number of confirmed cases in surrounding rural counties of similar population size, including the adjacent counties of Marshall County with 44 confirmed cases, Lincoln County with 48 confirmed cases, Metropolitan Lynchburg Moore County with 5 confirmed cases, and Coffee County with 97 confirmed cases; and

WHEREAS, the Tennessee Department of Health did identify a cluster of COVID-19 cases in the City of Shelbyville at a food processing and packaging facility, which is of great concern to City officials, and is likely to contribute to the continued spread and identification of additional cases of COVID-19 in Bedford County at a higher rate than most other counties in Tennessee, which is a condition of danger to the health, welfare, safety, and economic wellbeing of the citizens of the City of Shelbyville and may result in an interruption of municipal services to the public; and

WHEREAS, while the various pandemic response measures implemented at the national, state, and local levels have slowed the spread of COVID-19 by “flattening the curve” as reflected in declining rates of transmission and current active cases, it is still advisable and prudent to continue local measures to preserve these gains made in the containment of the virus within our community especially in light of the re-opening of the country for business, including certain City governmental offices and services in accordance with State mandates; and

WHEREAS, safeguarding the life and property of its citizens is an innate responsibility of the City of Shelbyville, the Mayor and City Council, its officers and employees; and

WHEREAS, State law and the City Charter bestows police powers upon the City and authorizes it to act and to regulate in the interests of public health and welfare; and

WHEREAS, pursuant to the “*Mutual Aid and Emergency and Disaster Assistance Agreement Act of 2004*” (the “*Act*”) found in *Tennessee Code Annotated (“TCA”)* § 58-8-101 *et. seq.*, the Mayor of the City of Shelbyville is authorized by § 58-8-104 to declare a local state of emergency (as defined in § 58-2-101(7) and § 58-8-102(5)) by executive order consistent with and governed by § 58-2-110(3)(A)(v); and

WHEREAS, TCA § 58-2-110(3)(A)(v) authorizes the City, upon the declaration of a state of emergency by the Mayor, to waive certain procedures and formalities otherwise required of the City by law; and

WHEREAS, pursuant to the *Act*, with the declaration of a state of emergency the City may be entitled to cost reimbursement as provided in TCA § 58-8-111; and

WHEREAS, pursuant to TCA § 38-9-102 the City Manager of the City of Shelbyville is authorized to declare a local state of civil emergency as defined in TCA § 38-9-101(2)(B), and for which she may declare a curfew for the City of Shelbyville if deemed necessary; and
